

# St Brigid's Parish Cabinteely

**April 18, 2021- 3rd Sunday of Easter**

We often act out of ignorance. Armed with the best of intentions, we think we are seeing clearly and correctly, but we are not. We don't always understand the full meaning of things and only perceive part of the truth. Hence, our judgments and actions can be impaired by myopic, incomplete or erroneous perceptions. The meaning of life, understanding of human experience, and negotiating life's challenges can all become skewed without proper understanding and vision. The resurrection of Christ is the corrective to our incomplete and limited view of life. Looking at things with the eyes of faith brings a depth of clarity and understanding to how we see God, ourselves, others, and the world.

Even the disciples struggled with their limited understanding and ignorant perceptions. It was only when Jesus opened their minds to understand the Scriptures that their eyes were opened. It was their "aha" moment when everything clicked. We all want the substance of our lives to come together, make sense, and have meaning. This is easier to achieve when things are going positively, and life is good. It is when suffering, disappointment, death, hardship, and injustice enter the picture that things can become unsettled and disoriented. Our faith in the goodness and love of God is tested. We tend to shift our focus on these difficult and challenging moments and do not see them within the greater picture of how God intends life to unfold. We can gain, from the passion and resurrection of Christ, the clear vision we need in order to move away from ignorance to enlightenment.

We need our "aha" moment when everything comes together and clicks. It can come in a fleeting instant when we feel totally connected with God, where we find ourselves, others and all of creation. It is a moment when all is right and good, regardless of how difficult our journey. Our "aha" moment assures us that God is here, right with us, in us and around us bringing us a gift and blessing we can receive nowhere else: peace. In those brief sacramental encounters when we are lifted up out of ourselves and centered, we can hear God say, "peace be with you," and we feel secure. It's all okay. The resurrected Christ has the power to bring this gift to us. Some people, as they are facing their deaths, remark about this peace. When looking into the window of eternity, they experience a depth of joy and are amazed at God's goodness and closeness. We are called to be witnesses to this Good News.

## New Pilgrim Path—Earth Day Care for our Common Home

April 22nd is Earth Day. Now the largest secular observance in the world, it is marked by more than a billion people every year as a day of action to change human behaviour and create global, national and local policy changes. Churches worldwide back this movement wholeheartedly. The Global Catholic Climate Movement (GCCM), created in 2015, was the combination of two transformative events that would shape how the Church and humanity responded to the ecological crisis: the *Laudato Si'* encyclical release and the Paris Climate Agreement. For Earth Day news and resources, visit [www.newpilgrimpath.ie](http://www.newpilgrimpath.ie)
